**PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS  
TO BE HELD MARCH 27, 2003**

**INFORMATION CONCERNING SOLICITATION AND VOTING**

***General***

The enclosed Proxy is solicited on behalf of the Board of Directors of Landec Corporation ("Landec" or the "Company"), a California corporation, for use at the Annual Meeting of Shareholders to be held on Thursday, March 27, 2003, at 4:30 p.m., local time, or at any postponement or adjournment(s) thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Shareholders. The Annual Meeting will be held at the Sheraton Hotel, 625 El Camino Real, Palo Alto, CA 94301. The telephone number at that location is (650) 328-2800.

The Company's principal executive offices are located at 3603 Haven Avenue, Menlo Park, California 94025. The Company's telephone number at that location is (650) 306-1650.

***Solicitation***

These proxy solicitation materials were mailed on or about February 24, 2003, to all shareholders entitled to vote at the meeting. The costs of soliciting these proxies will be borne by the Company. These costs will include the expenses of preparing and mailing proxy materials for the Annual Meeting and the reimbursement of brokerage firms and others for their expenses incurred in forwarding solicitation material regarding the Annual Meeting to beneficial owners of the Company's Common Stock. The Company may conduct further solicitation personally, telephonically or by facsimile through its officers, directors and regular employees, none of whom will receive additional compensation for assisting with the solicitation.

The Company will provide a copy of the Company's Annual Report on Form 10-K for the year ended October 27, 2002, including financial statements and financial statement schedules (but not exhibits), without charge to each shareholder upon written request to Gregory S. Skinner, Chief Financial Officer, Landec Corporation, 3603 Haven Avenue, Menlo Park, CA 94025 (telephone number: (650) 306-1650). Exhibits to the Annual Report may be obtained upon written request to Mr. Skinner and payment of the Company's reasonable expenses in furnishing such exhibits.

***Revocability of Proxies***

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to the Company (Attention: Gregory S. Skinner, Inspector of Elections) a written notice of revocation or a duly executed proxy bearing a later date or by attending the meeting of shareholders and voting in person.

## **Voting**

Holders of Common Stock are entitled to one vote per share and holders of Series B Preferred Stock, each share of which is convertible into ten (10) shares of Common Stock, are entitled to one vote for each share of Common Stock into which such Preferred Stock could be converted.

Votes cast in person or by proxy at the Annual Meeting will be tabulated by the Inspector of Elections. The Inspector of Elections will also determine whether or not a quorum is present. A majority of the shares entitled to vote, represented either in person or by proxy, will constitute a quorum for transaction of business. Except with respect to the election of directors, the affirmative vote of a majority of shares represented and voting at a duly held meeting at which a quorum is present is required for approval of proposals presented to shareholders. In addition, the shares voting affirmatively must also constitute at least a majority of the required quorum. The Inspector of Elections will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum and in determining the approval of any matter submitted to shareholders for a vote. Accordingly, abstentions will have the same effect as a vote against a proposal. Any proxy which is returned using the form of proxy enclosed and which is not marked as to a particular item will be voted FOR election of the director nominees proposed by the Board of Directors, FOR ratification of the Company's appointment of Ernst & Young LLP as independent auditors for the Company, and as the proxy holders deem advisable on other matters that may come before the meeting, as the case may be, with respect to the item not marked. If a broker indicates on the enclosed proxy or its substitute that it does not have discretionary authority as to certain shares to vote on a particular matter ("broker non-votes"), those shares will be counted for purposes of determining the presence of a quorum, but will not be considered as voting with respect to that matter. While there is no definitive specific statutory or case law authority in California concerning the proper treatment of abstentions and broker non-votes, the Company believes that the tabulation procedures to be followed by the Inspector of Elections are consistent with the general statutory requirements in California concerning voting of shares and determination of a quorum.

## **Record Date and Share Ownership**

Only shareholders of record at the close of business on January 31, 2003, are entitled to notice of and to vote at the meeting. As of the record date, 21,103,480 shares of the Company's Common Stock, par value \$0.001 per share, were issued and outstanding and 154,633 shares of the Company's Series B Preferred Stock, par value \$0.001 per share, each share of which is convertible into ten (10) shares of Common Stock, were issued and outstanding.

## **Deadline for Receipt of Shareholder Proposals for the Company's Annual Meeting of Shareholders in 2004**

Proposals of shareholders of the Company that are intended to be presented by such shareholders at the Company's 2004 Annual Meeting of Shareholders must be received by the Chief Financial Officer of the Company no later than October 27, 2003, in order that they may be considered for inclusion in the proxy statement and form of proxy relating to that meeting.

Also, if a shareholder does not notify the Company on or before January 9, 2004, of a proposal for the 2004 Annual Meeting of Shareholders, management intends to use its discretionary voting authority to vote on such proposal, even if the matter is not discussed in the proxy statement for the 2004 Annual Meeting of Shareholders.

## **PROPOSAL NO. 1**

### **ELECTION OF DIRECTORS**

#### **Nominees**

The Company's bylaws currently provide for not less than four or more than seven directors, and the Company's Articles of Incorporation provide for the classification of the Board of Directors into two classes serving staggered terms. The Company's Board of Directors currently consists of seven

In the event that any nominee of the Company is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who shall be designated by the present Board of Directors to fill the vacancy. In the event that additional persons are nominated for election as directors, the proxy holders intend to vote all proxies received by them in such a manner as will assure the election of as many of the nominees listed below as possible, and, in such event, the specific nominees to be voted for will be determined by the proxy holders. **REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE  
COMPENSATION**

**General**

The Company's executive compensation policies are determined by the Compensation Committee (the "Committee") of the Board of Directors. The Committee is comprised of three nonemployee directors.

The objective of the Company's executive compensation program is to align executive compensation with the Company's business objectives and performance, and to enable the Company to attract, retain and reward executives who contribute to the long-term business success of the Company. The Company's executive compensation program is based on the same four basic principles that guide compensation decisions for all employees of the Company:

The Company compensates for demonstrated and sustained performance.

The Company compensates competitively.

The Company strives for equity and fairness in the administration of compensation.

The Company believes that each employee should understand how his or her compensation is determined.

The Company believes in compensating its executives for demonstrated and sustained levels of performance in their individual jobs. The achievement of higher levels of performance and contribution are rewarded by higher levels of compensation. In order to ensure that it compensates its executives competitively, the Company regularly compares its compensation practices to those of other companies of comparable size within similar industries. Through the use of independent compensation surveys and analysis, employee compensation training, and periodic pay reviews, the Company strives to ensure that compensation is administered equitably and fairly and that a balance is maintained between how executives are paid relative to other employees and relative to executives with similar responsibilities in comparable companies.

The Committee meets at least twice annually. Additionally, the Committee may hold special meetings to approve the compensation program of a newly hired executive or an executive whose scope of responsibility has significantly changed. Each year, the Committee meets with the Chief Executive Officer ("CEO") regarding executive compensation projections for the next three years and proposals for executive compensation for the next operating year. Compensation plans are based on compensation surveys and assessments as to the demonstrated and sustained performance of the individual executives. The Committee then independently reviews the performance of the CEO and the Company, and develops the annual compensation plan for the CEO based on competitive compensation data and the Committee's evaluation of the CEO's demonstrated and sustained performance and its expectation as to his future contributions in leading the Company. At a subsequent meeting of the full Board of Directors, the Committee presents for adoption its findings on the compensation of each individual executive.

***Compensation of Executive Officers***

During the fiscal year that ended on October 27, 2002, the Company's executive compensation program was comprised of the following key components: base salary, annual bonus, and equity-based incentives.

***Base Salary.***

The Compensation Committee annually reviews the salaries of the Company's executives. When setting base salary levels, in a manner consistent with the objectives outlined above, the Committee considers competitive market conditions for executive compensation, Company performance and individual performance.

#### *Annual Bonus.*

During fiscal year 2002, Mr. Taft, Mr. Crowley and Mr. Skinner earned bonuses of \$204,800, \$4,297 and \$100,300 respectively. These bonuses reflect the executives officers' performance against pre-determined goals and objectives for fiscal year 2002.

#### *Equity-Based Incentives.*

Stock options are an important component of the total compensation of executives. The Company believes that stock options align the interests of each executive with those of the shareholders. They also provide executives a significant, long-term interest in the Company's success and help retain key executives in a competitive market for executive talent.

The Company's 1996 Stock Option Plan authorizes the Committee to grant stock options to executives. The number of shares owned by, or subject to options held by, each executive officer is periodically reviewed and additional awards are considered based on past performance of the executive and the relative holdings of other executives in the Company and at other companies in the comparable industry. The option grants generally utilize four-year vesting periods to encourage executives to continue contributing to the Company, and they expire ten years from the date of grant.

#### *Compensation of the Chief Executive Officer.*

The Company's CEO's compensation plan includes the same elements and performance measures as the plans of the Company's other executive officers. The Compensation Committee evaluates the performance of the Company's CEO, sets his base compensation and determines bonuses and awards stock or option grants, if any.

Mr. Steele's salary for fiscal year 2002 and 2001 was \$332,625 and \$324,231, respectively. He earned a bonus of \$165,000 for fiscal year 2002 and received \$60,000 in fiscal year 2002 in consideration for the cancellation of an option he held to purchase 200,000 shares of common stock of the Company. The 2002 earned bonus reflects Mr. Steele's performance against pre-determined goals and objectives for fiscal year 2002 as well as his role in the attainment of the Company's overall objectives.

#### *Deductibility of Executive Compensation.*

The Committee has considered the impact of Section 162(m) of the Internal Revenue Code, which section disallows a deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for the CEO and four other most highly compensated executive officers, unless such compensation meets the requirements for the "performance-based" exception to the general rule. Since the cash compensation paid by the Company to each of its executive officers is expected to be below \$1 million, the Committee believes that this section will not affect the tax deductions available to the Company. It will be the Committee's policy to qualify, to the extent reasonable, the executive officers' compensation for deductibility under applicable tax law.

This Report is submitted by the Compensation Committee.

- (1) The Company uses a Black-Scholes model of option valuation to determine grant date present value. The Company does not advocate or necessarily agree that the Black-Scholes model can properly determine the value of an option. Calculations for the Named Executive Officers are based on a 5 year expected option life which reflects the Company's experience that its options, on average, are exercised within 5 years of grant. Other assumptions used for the valuations are: interest rate (risk-free rate of return) of 4.00%; annual dividend yield of 0%; and volatility of 84%. Actual gains, if any, on stock option exercises and Common Stock holdings are dependent upon a number of factors, including the future performance of the Common Stock, overall market conditions and the timing of option exercises, if any.
- (2) Granted pursuant to the 1996 Stock Option Plan. The shares subject to the option have an exercise price equal to the fair market value of Landec's Common Stock on the date of grant and vest in 2.08% increments monthly commencing 30 days from the date of the grant, becoming fully vested on the fourth anniversary of the date of the grant.

The exercise price of the non-statutory stock options may be no less than 100% and 85%, for named executives and non-named executives, respectively, of the fair market value of Landec's common stock on the date the options are granted. Options generally are exercisable upon vesting and generally vest ratably over four years. 210,000 shares are authorized to be issued under this plan.

### **Non-Plan Option Grant**

In November 1999, the Company's Board of Directors granted to the CEO of Apio a non-statutory stock option to purchase 790,000 shares of Landec's common stock in connection with the acquisition of Apio. This grant was not approved by Landec's shareholders. The exercise price of the grant was the fair market value of Landec's common stock on the date of grant. The option vested over two years.

**Composition.** The Audit Committee of the Board of Directors consists of the three directors whose signatures appear below and operates under a written charter adopted by the Board of Directors. Each member of the Audit Committee meets the independence requirements of the NASD's listing standards currently in effect.

**Responsibilities.** The responsibilities of the Audit Committee include appointing an accounting firm to be engaged as the Company's independent auditors. Management is responsible for the Company's internal controls and financial reporting process. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and for issuing a report thereon. The Audit Committee's responsibility is to oversee these processes and the Company's internal controls. The Audit Committee members are not acting as professional accountants or auditors, and their functions are not to duplicate or to certify the activities of management and the independent auditors, nor can the Audit Committee certify that the independent auditors are "independent" under applicable rules.

**Review with Management and Independent Auditors.** The Audit Committee held four meetings during fiscal year 2002. The Audit Committee met and held discussions with management and representatives of the Company's independent auditors, Ernst & Young LLP. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. The Audit Committee met with the Company's independent auditors, with and without management present, to discuss the overall scope and plans for their audit, the results of their examination, their evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting. The Audit Committee discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards 61, *Communication with Audit Committees*, including the independent auditors' judgment as to the quality of the Company's accounting principles.

In addition, the Company's independent auditors provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, and the Audit Committee discussed with the independent auditors their independence from management and the Company.

**Charter.** The Board adopted a written charter for the Audit Committee on May 1, 2000 and operated under that charter during fiscal year 2002. The Audit Committee has reviewed the relevant requirement under the Sarbanes-Oxley Act of 2002, the final and proposed rules of the SEC and the proposed new listing standards of the NASD regarding audit committee policies. Although not all of these rules and standards have been finalized, on February 20, 2002 the Board amended the charter to implement the final and proposed rules and standards. The Audit Committee intends to further amend its charter, if necessary, when the all of the rules and standards are finalized to reflect additional requirements or changes from the proposals. A copy of the charter as amended is attached to this proxy statement as Appendix A.

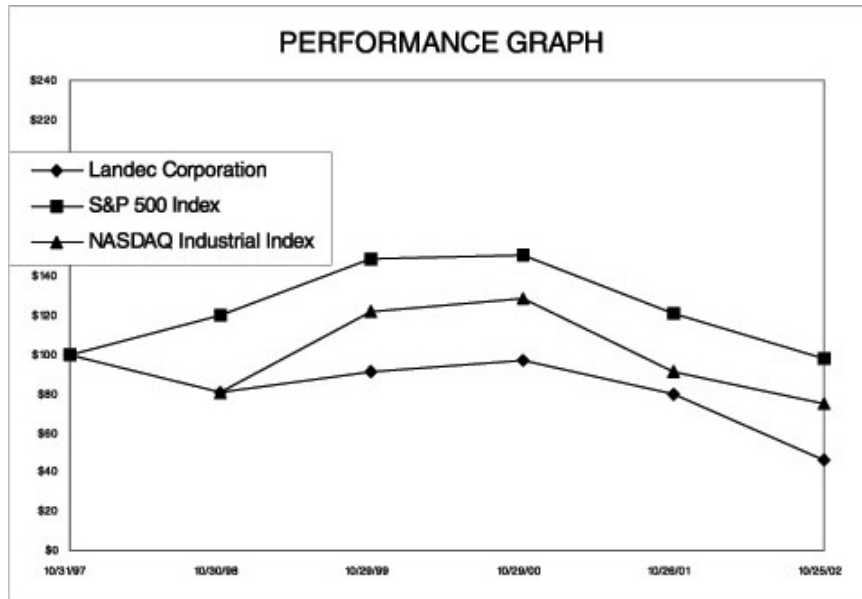

**Summary** Based upon the Audit Committee's discussions with management and the independent auditors and the Audit Committee's review of the representations of management, and the report of the independent auditors to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended October 27, 2002, as filed with the Securities and Exchange Commission.

## PERFORMANCE GRAPH

The following graph summarizes cumulative total shareholder return data (assuming reinvestment of dividends) for the five preceding fiscal years of the Company. The graph assumes that \$100 was invested on October 31, 1997 in each of the Common Stock of Landec Corporation, the Standard & Poor's 500 Stock Index and the NASDAQ Industrial Index. The stock price performance on the following graph is not necessarily indicative of future stock price performance. This graph will not be deemed to be incorporated by reference into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this report by reference, and will not otherwise be deemed to be soliciting materials or to be filed under such Acts.

## EMPLOYMENT CONTRACTS, CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On October 25, 2001, the Company sold 142,857 shares of Series B Preferred Stock (representing 1,428,570 shares of Common Stock on an as-converted basis) to the Seahawk Ranch Irrevocable Trust at a price of \$35.00 per share for \$5,000,000. During fiscal year 2002, the Company paid dividends totalling 11,776 shares of Series B Preferred Stock to the Seahawk Ranch Irrevocable Trust. Mr. Kenneth E. Jones is a trustee of the Seahawk Ranch Irrevocable Trust and a director of the Company.

In connection with the acquisition of Apio, Inc. ("Apio"), Landec entered into an employment agreement with Mr. Nicholas Tompkins in 1999 for a term of five (5) years at an annual salary of \$200,000. Under the terms of his employment agreement, Mr. Tompkins is employed as a Senior Vice President of Landec and Chief Executive Officer of Apio. Mr. Tompkins employment agreement also provides that in the case of his involuntary termination other than for cause or his resignation for good reason, he will continue to receive his salary through December 2004. Pursuant to the employment agreement, Mr. Tompkins was issued options to purchase up to 850,000 shares of common stock of Landec, and an option to purchase up to 2,000,000 shares of common stock of Apio. In addition, in connection with the acquisition of Apio, Mr. Tompkins was eligible to receive up to \$10 million of earn-out payments if Apio exceeded certain earning targets in fiscal years 2000

and 2001. Of such amount, Mr. Tompkins earned \$4.1 million in fiscal year 2000 and \$579,000 in fiscal year 2001. As of the date of this filing, \$3.2 million of the earn out has been paid with the remaining \$1.5 million to be paid in equal monthly installments of \$150,000 beginning in May 2003 through February 2004.

Pursuant to the terms of farmer agreements entered into between Apio and the Nick Tompkins Ranch, B & D Farms, Security Farms and Keystone Farms (the "Tompkins Farms"), Apio provides harvesting, packing, cooling and distributing services for produce planted and grown by the Tompkins Farms. The terms of the agreements are substantially the same as the terms offered by Apio to other growers. During fiscal years 2001 and 2002, Apio's revenues derived from its services to the Tompkins Farms were approximately \$5,083,000 and \$3,515,000, respectively, and Apio paid the Tompkins Farms an aggregate of approximately \$6,051,000 and \$6,895,000 in fiscal years 2001 and 2002, respectively. Mr. Tompkins wholly-owns the Nick Tompkins Ranch and has a greater than ten percent (10%) ownership interest in each of B&D Farms, Security Farms and Keystone Farms.

Apio makes advances to its produce growers for planting, growing and harvesting costs associated with crops in the ordinary course of its business. In connection with the upfront planting, growing and harvesting costs associated with crops from the Nick Tompkins Ranch during fiscal year 2001, Apio advanced the Nick Tompkins Ranch approximately \$475,000, evidenced by a note (the "2001 Note"). On December 31, 2001, the amount owed under the 2001 Note including approximately \$20,000 in interest was offset by the earn-out payment of \$579,000 owed to Nick Tompkins in connection with the acquisition of Apio. Accordingly, the 2001 Note was cancelled and Apio paid Mr. Tompkins the balance of approximately \$84,000 in March 2002. In May 2002, Apio advanced to the Nick Tompkins Ranch approximately \$1.1 million (the "2002 Note") for ground lease payments and crop financing expenses in order to maintain current levels of produce sourcing from the Nick Tompkins Ranch. The 2002 Note accrued interest at Apio's interest rate per its Bank of America loan agreement. Approximately \$400,000 of the 2002 Note was repaid on June 30, 2002, and the remainder was offset against the earn-out payment of \$4.1 million owed to Nick Tompkins effective January 2, 2003. The advances made to the Nick Tompkins Ranch pursuant to the 2001 Note and 2002 Note were on substantially the same terms as those offered to other produce growers.

During fiscal year 2002, Apio paid \$232,000 in annual ground lease payments to Apio Land Company, which is 50% owned by Nick Tompkins.

During fiscal year 2002, Stacia Skinner, wife of Mr. Greg Skinner, Landec's Chief Financial Officer, was employed at Landec and received approximately \$134,487 in compensation.
